

Unlock the Full Potential of Your Shop with a Van Norman Flywheel Grinder!

Realize the benefits of investing in Van Norman:

Generate Immediate Cash Flow

From the moment you start operating our flywheel grinder, you'll see an increase in cash flow. This machine doesn't just pay for itself; it becomes a profitable center in your shop, allowing you to earn more per hour with every use.

Boost Your Parts Sales

When you grind flywheels in-house, you'll naturally boost sales of complementary transmission and clutch parts. This not only increases your revenue but also enhances customer satisfaction by providing a one-stop solution for all their needs.

Attract New Customers

Offering flywheel grinding services sets you apart and attracts a broader clientele. Your shop will become the go-to place for comprehensive repairs and services, bringing in business that previously went to competitors.

Faster Turnaround on Jobs

Why wait on third-party providers when you can complete jobs in-house? With The Van Norman flywheel grinder, you control the workflow and drastically cut down turnaround times, keeping customers happy and loyal.

Guaranteed Quality Workmanship

Take control of the quality of your work. Our flywheel grinder is easy to operate and ensures that every job meets the highest standards of workmanship. Your customers will notice the difference and keep coming back.

User-Friendly Operation

No need to worry about complex machinery. Our flywheel grinder is designed for ease of use, allowing you to offer services at any time and on any shift without additional training or staff.

Exceptional Return on Investment

Investing in a Van Norman flywheel grinder is not just a purchase—it's a smart business decision. With its exceptional ROI, this machine will quickly become an invaluable asset to your shop.
